About Me

Hi i am Falase Femi and i am passionate about anything web and Javascript. I work hard and i care about writing clean code and i genuinely love to learn. i am currently looking for the right opportunity to work in an environment that help me progress into a full stack role

Career Objective

I am a motivated individual with in-depth knowledge of front-end skills and seeking a position in a growth-oriented company where I can use my skills to the advantage of the company while having the scope to develop my own skills. I am also looking for an entry level position as a front-end developer in an organization that values my skills and provide scope in helping me grow.

Projects

Dashboard [↗](#)

I solely built the frontend of a responsive web application named dashboard that renders different routes when clicked and also implemented a chart feature.

Crud-Clone, An India fintech startup [↗](#)

I Replicated/Cloned the frontend of a company and implemented major of the features of their site using React Js.

React Js Website showing animation, the use of flexbox grid, Implemented UI/UX design [↗](#)

Agency Website, It is a agency website which i used my html and css skills to create with also my knowledge of javascript to create the hamburger menu

Social-Website, It is a social media page which has light and dark mode [↗](#)

React js Website [↗](#)

I built this frontend website with the use of react js and frameworks like animista to give it some animation
